

Technical drawing of a 100 KVA power transformer and its associated equipment, showing four views: Front View, Rear View, Side View, and Top View.

Front View: Shows the main transformer unit with a 100 KVA rating. The unit is 1600 mm wide and 950 mm high. It features a large cooling fan on the right side and a control panel on the left. The control panel includes a 100A circuit breaker, a 100A fuse, and a 100A meter. The transformer is mounted on a base with four legs.

Rear View: Shows the back of the transformer unit, which is 1600 mm wide and 950 mm high. It features a large cooling fan on the right side and a control panel on the left. The control panel includes a 100A circuit breaker, a 100A fuse, and a 100A meter. The transformer is mounted on a base with four legs.

Side View: Shows the side of the transformer unit, which is 1600 mm wide and 950 mm high. It features a large cooling fan on the right side and a control panel on the left. The control panel includes a 100A circuit breaker, a 100A fuse, and a 100A meter. The transformer is mounted on a base with four legs.

Top View: Shows the top of the transformer unit, which is 1600 mm wide and 950 mm high. It features a large cooling fan on the right side and a control panel on the left. The control panel includes a 100A circuit breaker, a 100A fuse, and a 100A meter. The transformer is mounted on a base with four legs.

Dimensions: The overall dimensions of the transformer unit are 1600 mm (width) x 950 mm (height) x 450 mm (depth).

Legend:

- 100 KVA: Transformer rating
- 100A: Circuit breaker rating
- 100A: Fuse rating
- 100A: Meter rating
