

Technical drawing of a 100 KVA transformer and its associated electrical components, showing four views: Front View, Rear View, Side View, and Top View.

The drawing is oriented horizontally on the page, with the vertical axis labeled A through M and the horizontal axis labeled 1 through 10.

Front View (Top Left): Shows the front of the transformer with a 100 KVA rating. It features a 1000V primary winding, a 1000V secondary winding, and a 1000V tertiary winding. The transformer is mounted on a base with a 1000V rating. The dimensions are 1600mm (width) and 950mm (height).

Rear View (Top Right): Shows the back of the transformer with a 100 KVA rating. It features a 1000V primary winding, a 1000V secondary winding, and a 1000V tertiary winding. The transformer is mounted on a base with a 1000V rating. The dimensions are 1600mm (width) and 950mm (height).

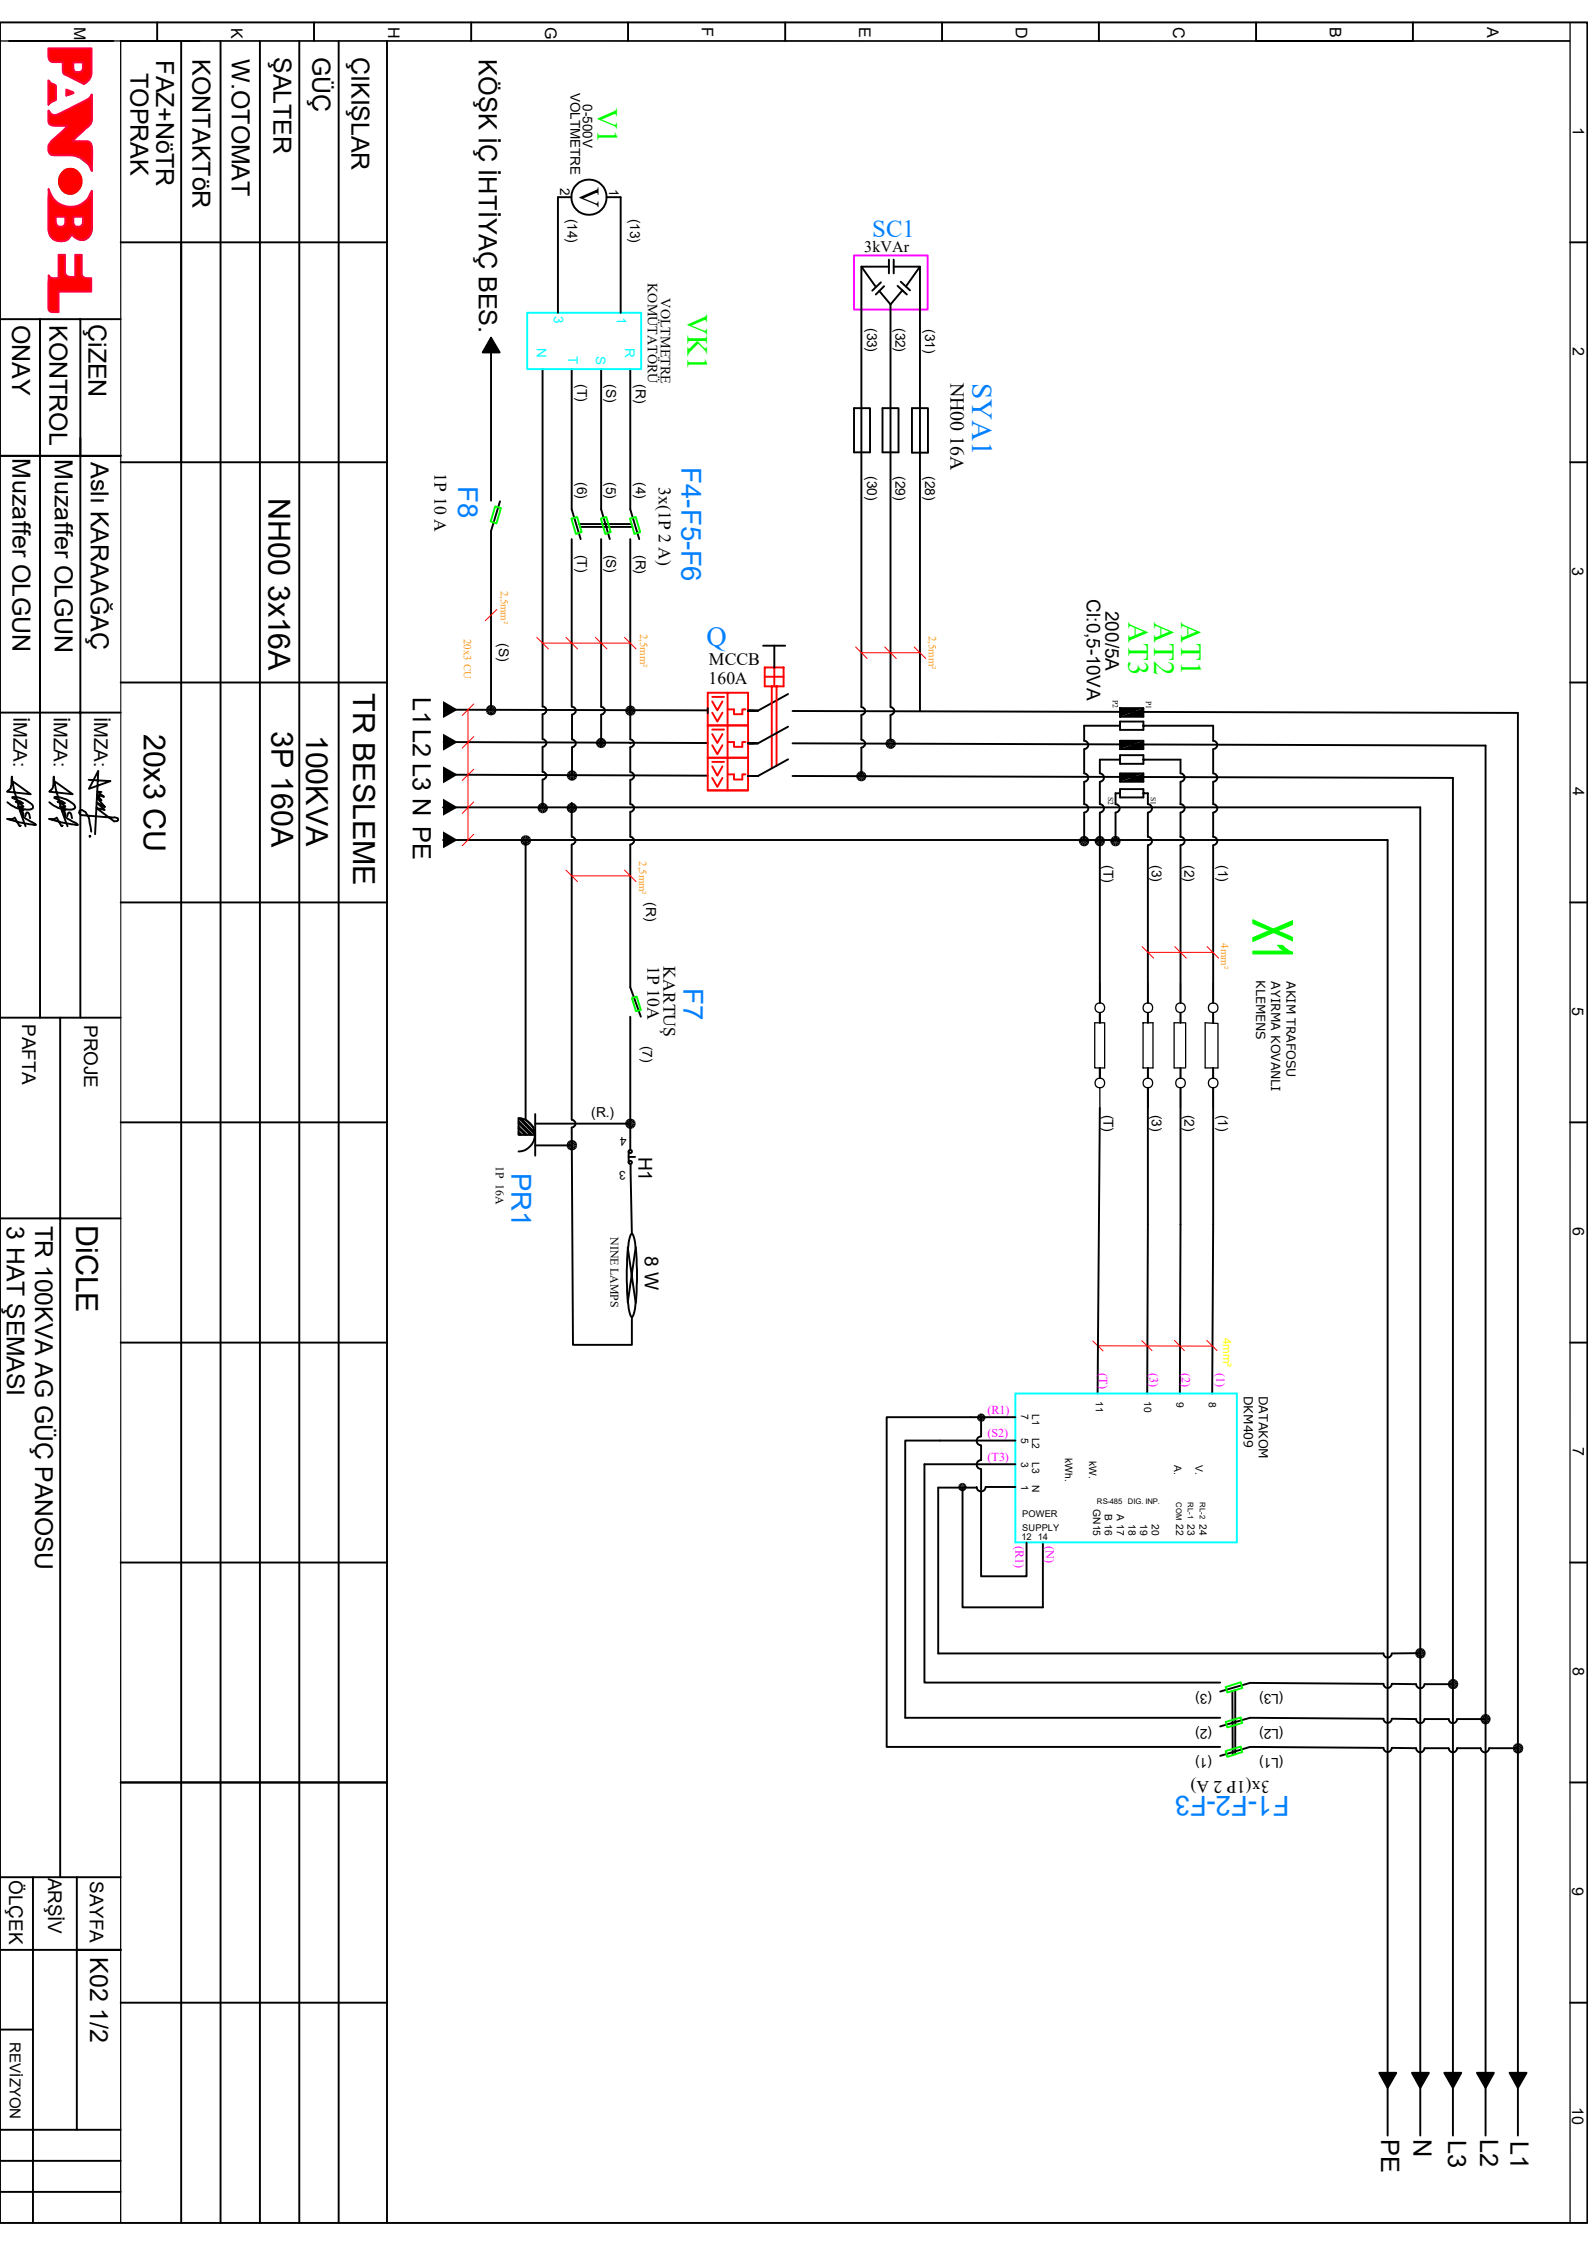

Side View (Bottom Left): Shows the side of the transformer with a 100 KVA rating. It features a 1000V primary winding, a 1000V secondary winding, and a 1000V tertiary winding. The transformer is mounted on a base with a 1000V rating. The dimensions are 1600mm (width) and 950mm (height).

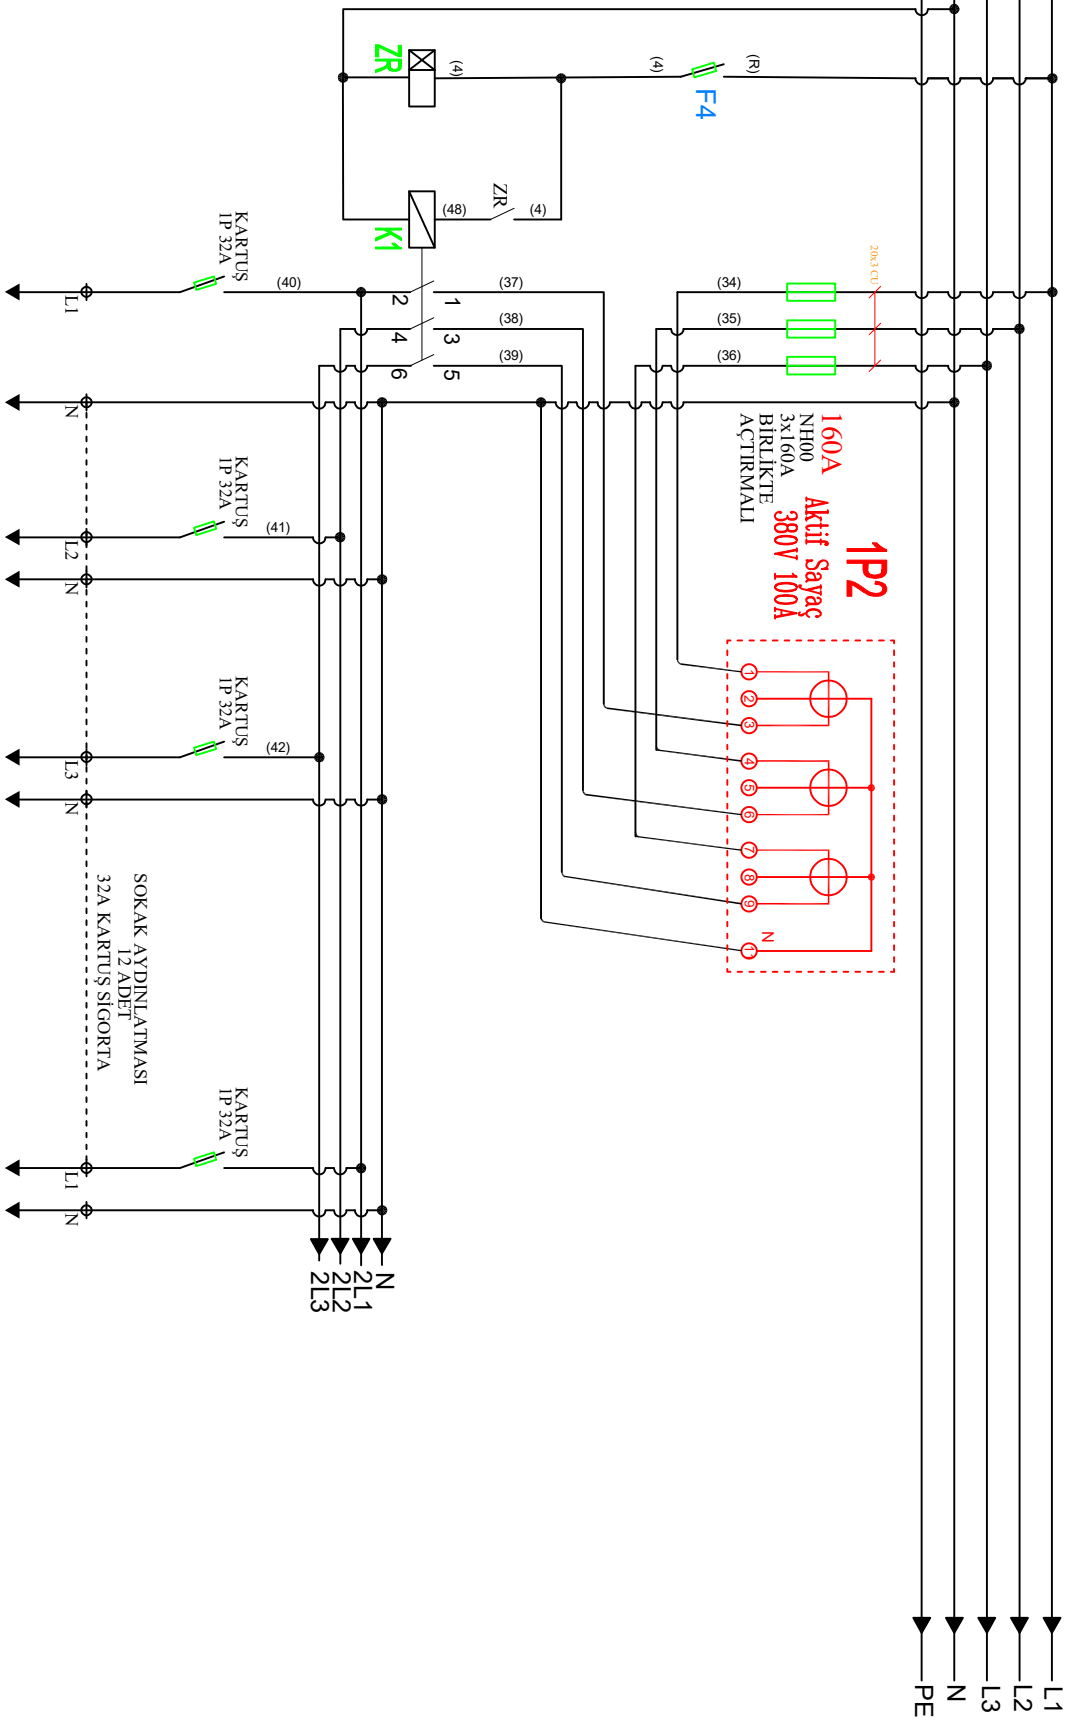

Top View (Bottom Right): Shows the top of the transformer with a 100 KVA rating. It features a 1000V primary winding, a 1000V secondary winding, and a 1000V tertiary winding. The transformer is mounted on a base with a 1000V rating. The dimensions are 1600mm (width) and 450mm (depth).

Dimensions: The overall dimensions of the transformer are 1600x950x450mm.
